PRODUCT DATA SHEET

BT1001 PENDANT NO. 1

Originally created in the late 1960s, the BT Lighting Series was designed by Danish architects Claus Bonderup and Torsten Thorup. The three designs differ in size and shape but are united by their stylish simplicity and a common feature: a half-mirror light bulb peeking out from under the lamp shades. Revealing the light source in all the designs was a conscious choice for Bonderup and Thorup. As such, the sleek pendants acquire further visual appeal, while the half-mirror bulb reflects the light onto the white interior of the shades, creating indirect lighting.

**SPECIFICATIONS**

Bulb	Dimmable function	Cord	Suspension
Not included	None	3m black fabric cord: provided with shades in black, and polished brass 3m white fabric cord: provided with white shades	Included

Recommended light source	Socket	Max watt	Voltage frequency	Electric shock protection	Ingress protection
