

May Chair

The May series takes the New Works universe alfresco with outdoor furniture for the garden, patio, or balcony. Made from powder coated steel, this hard-wearing furniture family consists of stackable chairs with and without armrests and tables in two lengths, harmoniously coordinated to complement each other.

Product highlights

- Part of a family ensemble consisting of the May Chair, Armchair, Bench and Tables.
- Features an outdoor powder coating.
- Suitable for use in both public and private settings.
- The May Chair is 8 pcs stackable.
- Made from steel for a heavy, qualitative feel.

Product Type Chair, Outdoor Furniture

Designer Hannes & Fritz, 2023

About the Designer Hannes & Fritz is the design studio of Johannes Breuer & Fritz Gräber. With Johannes in Stuttgart and Fritz in Zurich, they develop each project through a mix of individual and mutual work across cities. Both have a very similar skillset and common interests, but they each bring their own unique perspective to their collaborative projects; Johannes' tendency to be rather linear and emblematic, and Fritz's more dynamic and expressive design language. Merged together, the results are more interesting than what each designer could have achieved individually.

Environment Outdoor

Country of Origin China

Assembly Requirements Preassembled

Material The May Chair is made of steel and features a primer and top coat suitable for outdoor use. Its frame is made from bent steel tubes that are welded and polished, while the seat and back are cold-formed.

Cleaning & Care Clean the product using a soft, dry or slightly damp cloth. If needed, apply a mild detergent and promptly wipe away the soap residue with a clean cloth. Avoid using abrasive cleaning tools or strong cleaning agents as they may cause damage to the surface of the product.

With regular use, minor rust spots may naturally appear. Scratches or damage to the powder-coated surface can make the exposed areas more prone to corrosion. Chipped or peeling paint from impact may further increase this risk. Furthermore, placing the furniture near the sea can accelerate the corrosion process.

Dimensions

Height: 810 mm / 31.9"
Width: 480 mm / 18.9"
Depth: 500 mm / 19.7"
Seat Height: 450 mm / 17.7"
Seat Width: 390 mm / 15.4"
Seat Depth: 430 mm / 16.9"

Packaging Dimensions

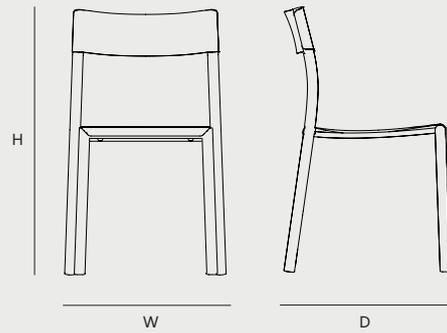

Height: 1000 mm / 39.4"
Width: 550 mm / 21.7"
Depth: 950 mm / 37.4"

Weight

6 kg / 13.2 lbs

Weight incl Packaging

10 kg / 22 lbs

Versions

Item No: 42511
Variant: Light Grey

Item No: 42510
Variant: Dark Green
