

Ms. Bowjangles Tall
ANNA BOCH, DAVID ENGELHORN, 2023

Ms. Bowjangles Tall amazes the viewer like the magic trick known as 'Stiff Rope', in which a soft textile rope becomes stiff as if by magic and carries objects. The orange or olive green rope swings effortlessly up the black metal rod and winds its way around the black metal shade. This light and flexible luminaire is characterised by its clear lines and curves. The colourful rope cover makes the characteristic arch a special eye-catcher. With a height of up to 2.20 m and a downlight built into the shade as well as an additional uplight, Ms. Bowjangles Tall provides plenty of warm light, even in large rooms. With the black clamp mount, Ms. Bowjangles Tall can be mounted on the wall without a base. An additional base plate with a rod turns it into a floor lamp. Both versions are very easy to adjust in height and can be moved to where the light is needed in just a few simple steps. A foot switch integrated into the cable allows the lamp to be switched on and off and dimmed.

Light source

LED 27W (23W/ 4W), 3300 lm (Downlight 2900lm/ Uplight 400lm), 2700K, CRI > 90, EEC "F" (A-G) The LED light sources cannot be replaced by the user, but only by qualified personnel.
